

Small Instrument Cases

W45, W30, W20, W16

Versatile Multi-Mod™ cases are ideal for small case packaging of testers, controllers, and other instruments. Brushed aluminum construction provides excellent RF attenuation, and an attractive, "finished" appearance. Kits include frame, top and bottom covers, and hardware. Extruded, two-piece frame assembles quickly with self-tapping screws. Standard 0.062" cards slide into grooves in Frame-Loc Rails.
