

Power up your desktop!

Bring the power up to you! The new Wiremold® Desktop Power Center, with surge-protected power outlets, gives you added capacity, added functionality, and added flexibility.

Capacity: Choose from 4 power outlets or 3 power outlets + 2 USB charging connections.

Functionality: These stylish modules can mount using an existing round desk hole grommet or with the edge clamp included in each package.

Flexibility: The 12' power cord allows for a longer reach to connect to a power source.

Don't struggle to find extra power outlets. The Desktop Power Center provides the convenience of ready access to power...within your reach!

Features & Benefits:

- **Add power where needed.** Brings access to power up to the work surface.
- **Optional USB charging outlets.** Accommodate a variety of consumer electronics.
- **Ideal for desk or work table.** Included edge clamp or hole mounting hardware provide everything you need to install the unit to any work surface.
- **Accommodates round hole openings from 1 1/2" to 3".** Unit accommodates a range of available standard openings to provide more installation flexibility.
- **12' power cord.** Provides increased flexibility by extending access to power sources.
- **Surge protection built-in.** No need to install an additional power management component.

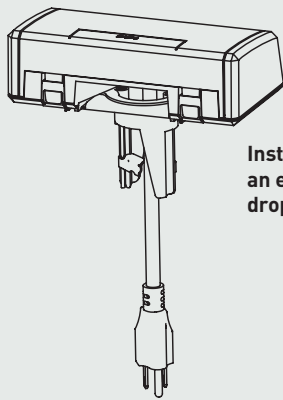

When you need to bring power up to the work surface, choose the Wiremold Desktop Power Center.

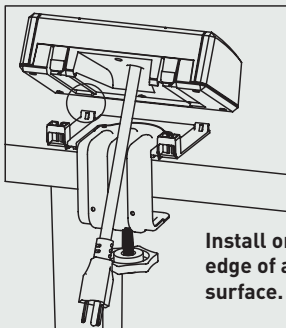

designed to be better.

Everything you need for mounting on your work surface, whether along the edge or through an existing cord drop opening.

The Wiremold Desktop Power Center is a solution that brings surge-protected power and USB charging outlets up to the work surface by utilizing existing cord drop openings in office desks and table tops or by mounting onto the edge of a desk or table top.

Install through an existing cord drop opening.

Install on the edge of a work surface.
