

New Products

Category 6 Shielded Component Compliant Plug

SS-39200-011 – Plug with Snag-less Strain Relief

- Designed for the highest reliability shield connection
- Wire loading bar for ease of assembly
- One step termination using tool kit 2980075-01
- Designed for cable up to .248" diameter
- Consult factory for terminations of larger cable diameters

Category 6 Component Compliant Plug

SS-39100-008 – Plug with Snag-less Strain Relief

- Patented strain relief design for high performance
- Built in slim profile snag-less strain relief for use in high density plug in equipment
- Designed for cable up to .230" in diameter
- Use termination tool kit 2990009-01

Category 5E Plug and Snag-less Slim Profile Strain Relief

SS-37000-007 – Plug 450-034 – Strain Relief

- Staggered contact design for Cat5E performance
- Use termination tool kit 2990003-01
- Clear boot designed for use in high density plug in equipment
- Designed for cable up to .224" diameter
- Plug can be used without strain relief

Category 5E Shielded Plug

SS-37200-028 – Plug

- Staggered contact design for Cat5E performance
- Use termination tool kit 2990003-01
- Single piece design with three grounding tabs for a reliable shield connection
