

FFC Harness for High-speed Transmission

JF08 Series

CONNECTOR

MB-0251-1

October 2012

RoHS Compliant

Recently there has been increasing demand for high-speed and high-capacity transmission in devices as they become higher in performance. The JF08 Series connector harness is excellent at carrying high-speed serial transmission such as LVDS and PCI-Express, and it is also ideally suited for the next generation high-speed interface, V-by-One® HS.

*V-by-One® HS is the trademark of THine Electronics, Inc.

Features

- Can mate with FI-R Series connectors
- Strong mechanical lock
- Easy operability with ample mating guides and large side lock buttons
- Ideally suited for the next generation high-speed transmission, V-by-One® HS
- FMI control with shield layer on the FFC and metal shell on the connector

General Specification

- Number of Contacts: 41, 51 positions
- Rated Current: AC, DC each 0.3 Amps/contact
- Contact Resistance: Maximum 40M ohm
- Insulation Resistance: Minimum of 100M ohm
- Dielectric Withstanding Voltage: AC250Vr.m.s per minute
- Pitch: 0.5mm
- Operating Temperature: -40°C ~ +80°C
- Impedance Connector: 100 ohm ± 15%
FFC: 100 ohm ± 10%

Materials and Finishes

Component	Material / Finishes
FFC	One-side shield FFC / Au plating Signal wire: Copper Shield: Aluminum / Copper Insulation: PET
Shell	Copper alloy/ Sn plating
Insulator	Heat resistant plastic / None
Lock Spring	Stainless steel / None

Ordering Information

*FI-R Type

*Connectors are not sold individually.

Part Number	SJ Drawing	Remarks
JF08R0R041***MA	SJ110607	41 pos / Aluminum Shield
JF08R0R051***MA	SJ110607	51 pos / Aluminum Shield

Dimensions

Unit: mm

No. of CONTACT	A ^{+0.1}	B ^{+0.3}	(C)	D ^{+0.0} -0.6
41	20	31.4	35	22.1
51	25	36.4	40	27.1

Product Line-up

No. of Contacts	FFC Length	Part Number
41	10cm	JF08R0R041010MA
	20cm	JF08R0R041020MA
	30cm	JF08R0R041030MA

Notice: Products shown in this brochure are made for the applications listed below. However, if the above-mentioned products are to be used in aerospace devices, marine cable-connection devices, atomic power control systems, medical equipment for life-support systems, or any other specific application requiring extremely high reliability, please contact JAE for further information.

Recommended applications: Computers, Office machines, Measuring devices, Telecommunication devices (Terminals, Mobile devices), AV devices, Household applications, FA devices, etc.

* The specifications in this brochure are subject to change without notice. Please contact JAE for information.
